

Children's Service Subcommittee for the Mental Health Planning Council
Meeting February 21, 2007
Minutes

Meeting called at 3:00pm

Attendance: Ken Moore
Vicki Hardy-Murrell, chair

Agenda items discussed:

1. Meeting schedule: This is our first meeting and it was agreed upon by those in attendance to meet immediately after the full Mental Health Planning Council meeting. The meetings should last approximately an hour (no longer than 4:30pm).

2. Goals and objectives of the group: Ken voiced his desire to be more involved in children's issues. He also stated that he is new to these issues and is open to any and all ideas that the full subcommittee may have. Vicki then voiced the need to have some funding options related to children's issues, for the upcoming Mental Health Block Grant. She suggested that we both think about this and will discuss it with the full group at the next meeting. Some ideas presented were increasing funding for direct MH services for children at all local Community Services Boards, increasing the workforce and providing more support for Family Involvement.

Next meeting: April 18th, 2007

Meeting adjourned at 3:20pm
