SCOPE OF SERVICES: DBHDS and Anthem Health Plans of Virginia, Inc., d/b/a Anthem Blue Cross and Blue Shield (Anthem) have entered into a contract for Anthem to provide standard claims administration services for DBHDS patients/residents who have no health insurance coverage (Medicare, Medicaid or other third party insurance). Facilities that elect to utilize this service for a particular uninsured patient/resident shall:

- Ensure that the patient's/resident's name has been submitted to Anthem for enrollment in this program.

- When a covered patient/resident requires services by an outside medical provider, the facility shall make a photocopy of the Anthem card that has been provided to each facility. Write in the patient's/resident's name on the copy of the card and insert his/her client number after the prefix "YTA827". **Do not write on or send the original card to the provider.**
- Submit the photocopy of the Anthem card to the health care provider to which the patient/resident is taken.

This service is available for inpatient, outpatient and dental. The names of all uninsured patients/residents are provided and updated on a weekly basis by the DBHDS Reimbursement Office. This list does not include patients/residents who are covered by Medicare, Medicaid or other third party insurers; therefore, if one of these patients/residents who are insured for medical coverage needs outside dental services, the facility should contact the Reimbursement Office in advance of scheduling service so that this patient/resident may be covered by the Anthem contract for those dental services that may be required.

This contract is not an insurance plan. Anthem will provide claims administration services as requested. The benefit of this contract to DBHDS is that payments for medical and dental services will be based upon the Anthem Schedule of Allowances for the covered services. The Fiscal Office at Southside Virginia Training Center will reimburse Anthem on a monthly basis for payments made to providers under this program. This office will, in turn, IAT the facilities for their portion of this payment.

The costs to DMHMRSAS for this service is as follows:

- \$18.13 for each medical or dental claim paid by Anthem.
- A network access fee of 22% of the contract discount for services provided by health care facilities. This discount is defined as the difference between the provider's retail charge for services and supplies that are covered under this program less the amount of Anthem's allowable charges for those services and supplies. There is no per claim fee for denied claims.

Please contact the undersigned, if you have any questions or wish to report any problems regarding this contract.
