1. [US DEPARTMENT OF VETERANS AFFAIRS](#)

Iraq War Clinician Guide - 2nd Edition

Topics include assessment, treatment of returning veterans, anger management, traumatic grief, substance abuse, impact of deployment on families.

<http://www.ptsd.va.gov/professional/manuals/iraq-war-clinician-guide.asp>

2. [COUNSELING TODAY ONLINE](#)

Life in Transition

As military referrals to civilian counselors increase, understanding the military culture and how couples thrive within it is imperative.

<http://www.athealth.com/apps/redirect.cfm?linkid=385>

3. [VISTAS 2010](#)

Care of War Wounded: Counseling Considerations

The article gives counselors a comprehensive overview of the unique needs of military personnel and their families as they engage in the recovery process of the psychological trauma of war.

http://counselingoutfitters.com/vistas/vistas10/Article_87.pdf

4. [VIRTUAL MENTOR](#)

A New Focus on Caring for Survivors of Extreme Violence

The reasons for most poor care are related to neglecting the trauma story, misuse of the psychiatric diagnosis, and overlooking the patient's natural resiliency.

<http://virtualmentor.ama-assn.org/2007/10/cpr11-0710.html>

5. [MEDSCAPE](#)

Posttraumatic Success: Solution-Focused Brief Therapy

Results of several studies suggest that traumas need not be debilitating and that most people are resilient and even grow in the wake of a trauma.

<http://www.medscape.com/viewarticle/581215>

6. [CURRENT PSYCHIATRY ONLINE](#)

Military Sexual Trauma: How To Identify and Treat a Unique Form of PTSD

Comprehensive MST management includes assessing for PTSD, major depression, and substance abuse. (Complimentary registration required for access.)

http://www.currentpsychiatry.com/article_pages.asp?AID=4064

7. [PRAXIS - LOYOLA UNIVERSITY CHICAGO SCHOOL OF SOCIAL WORK](#)

Grief Support Group for Spouses of Deceased Iraq War Veterans

This article discusses the need for appropriate psychosocial services for grieving spouses that neither re-traumatize them nor ignore the complex emotions they are experiencing.

<http://www.athealth.com/apps/redirect.cfm?linkid=386>

8. [NEW YORK UNIVERSITY CHILD STUDY CENTER](#)

Caring for Kids After Trauma, Disaster and Death: A Guide for Parents and Professionals

This guide has been prepared for use with all children and adolescents following a traumatic experience.
