Danny Thomas is a Rehab Tech for the Office of Integrated Health at the Department of Behavioral Health and Developmental Services and works with the Rehab engineer on projects for individuals receiving care at Hiram Davis Medical Center and Central State Hospital. He has 40 years of experience in metal fabrication and welding. He has been working for over 15 years as a Rehab Technician for Southside Virginia Training Center, Hiram Davis Medical Center and the Office of Integrated Health. He enjoys helping people with disabilities. He says it's very rewarding. He states, "On one occasion, it was so many people that needed help on their wheelchairs it was overwhelming but we were able to help everyone. They were so grateful that we were able to help. It was a very good day."
