

MFP FAMILY RESOURCE CONSULTANTS

Together we build relationships to support individuals, families and guardians through the transition of moving back into the community. Family Resource Consultants are available to provide additional support and assistance by:

- ❖ Providing the most current information about various community options/resources (Money Follows the Person, ID/DD Waiver)
- ❖ Communicating with individuals and their families
- ❖ Listening to individuals and their families about their concerns related to the process
- ❖ Facilitating information sessions at state and community facilities
- ❖ Recruiting and linking family members and individuals to participate in the Family Mentor, Peer Mentor and Community Living Contact Programs (This includes connecting you with other individuals, families and guardians who have already gone through the process and are living in the community successfully)
- ❖ Supporting individuals, families and guardians in any way to assist them through the transition/discharge process (Touring community options, participating in meetings)

Please contact the Family Resource Consultant to gain additional information and answer any questions!
