

## Waiver Redesign Proposed NEW Service Array

<b>Residential Services</b>	
<i>Individual or congregate community-based residential settings with supports available as an alternative to institutional residential placement and as a means of increasing integrated, community living.</i>	
<b>Shared Living Residential Service</b>	A residential arrangement available to adult individuals in which a person without a disability is reimbursed for the costs of room and board in exchange for sharing the individual's residence and providing limited companionship supports.
<b>Supported Living Residential Service</b>	A licensed or DBHDS authorized provider-owned residence, typically in an apartment complex, which provides up to 24 hours of supports, including medical and behavioral, to help individuals develop and maintain self help, socialization and adaptive skills in a home and community-based setting.
<b>Residential/Habilitative Support Services</b>	
<i>Supports and/or specific services designed to help develop skills necessary to live more independently in an individual, family, or shared residence.</i>	
<b>Independent Living Residential Support Services</b>	Intermittently delivered supports provided in the individual's home, offering skill building, assistance and supports necessary to help an individual acquire and maintain the skills to live independently and successfully in his or her own home, absent primary caregiver supports.
<b>Integrated Day and Community Access Services</b>	
<i>Activities that help facilitate the meaningful interaction, integration, autonomy, and personal preferences of individuals with disabilities within their respective communities.</i>	
<b>Community Engagement</b>	Service delivered at a ratio of no more than 1:3 designed to support and foster the ability of the individual to acquire, retain, or improve skills necessary to build positive social behavior, employability, interpersonal competence, greater independence and personal choice necessary to access typical activities and functions of community life, using the community as the natural learning environment.
<b>Community Coaching</b>	Service delivered at a 1:1 ratio for individuals who need one-to-one support in order to build a specific skill to address barriers preventing participation in activities of Community Engagement.
<b>Community Guide and Peer Support Services</b>	Direct assistance to individuals by a trained Community Navigator or peer support mentor in brokering community resources and assistance necessary for connecting to and developing supportive community relationships that promote integration, self-determination and successful implementation of the individual's person-centered plan.

- continued -

<b>Employment Services</b>	
<i>Preparatory and necessary on the job training and supports to help the individual obtain and maintain competitive employment. Employment and Integrated Day/Community Access Services are designed to work together to help an individual achieve a meaningful day/life in the community.</i>	
<b>Workplace Assistance Services</b>	Services and supports provided to someone who has completed (or nearly completed) individual job development and job placement training but requires more than typical follow-along services to maintain stabilization in their employment.
<b>Benefits Planning</b>	A set of services to assist individuals on social security benefits (SSI, SSDI, SSI/SSDI) to better understand the impact of working on all benefits. Benefits Planning Services enable waiver beneficiaries to make informed choices about work, and support working beneficiaries to make a successful transition to financial independence.
<b>Medical/Behavioral Maintenance Services</b>	
<i>Medical/clinical care and/or behavioral maintenance and support services in a home or community-based setting serving as an alternative to institutional care.</i>	
<b>Private Duty Nursing Services</b>	Individual 1:1 and continuous care (in contrast to part-time or intermittent care) for individuals with a serious medical condition and or complex health care need, that has been certified by a physician as medically necessary to enable the individual to remain at home, rather than in a hospital or nursing facility. Care is provided by a registered nurse (RN) or a licensed practical nurse (LPN) under the direct supervision of an RN.
<b>Crisis Support Services</b>	Intensive supports provided by appropriately trained staff in the areas of crisis prevention, crisis intervention, and crisis stabilization to an individual who may experience a behavioral crisis.
<b>Center Based Crisis Supports</b>	The Crisis Therapeutic Home (CTH) provides Long Term Crisis Prevention and Stabilization in a residential setting, through utilization of assessments, close monitoring, and a therapeutic milieu provided through planned and emergency admissions.
<b>Community Based Crisis Supports</b>	Ongoing community or home-based crisis support services to individuals with a history of multiple psychiatric hospitalizations, frequent medication changes, multiple setting changes, and enhanced staffing required due to mental health or behavioral concerns, to prevent loss of a home or work arrangement.
<b>General Support Services</b>	
Services and supports to increase the independence, self determination, safety and welfare of individuals while reducing reliance on paid staff supports.	
<b>Non-Medical Transportation Service</b>	Service providing reimbursement for transport to work and/or other community activities or events specified by the individual's plan for supports, when no other means of transportation support is available.
<b>Electronic Based Home Supports</b>	Goods and services that would allow individuals with intellectual and developmental disabilities to access technology that can be used in the individual's home to support greater independence and self-determination and supplant the need for paid staff support in the residence.

**NOTE: Not all services are available in all waivers.**
