

New TDO Exception Reporting Data Overview

January 2015

Community Services Boards (CSB's) collect and report data on exceptional events associated with emergency custody orders (ECO's), temporary detention orders (TDO's), and involuntary admissions under the new statutes effective July 1, 2014, as well as the factors contributing to these events. The Department of Behavioral Health and Developmental Services (DBHDS) requires this data to be submitted monthly by each CSB and geographic region. DBHDS also requires case-specific reports from individual CSB's within 24-hours of any event involving an individual who has been determined to require temporary detention for whom the TDO is not executed for any reason, whether or not an ECO was issued or in effect.

TDO Exception Reports are produced and posted on a monthly basis on the DBHDS website under "Reports." For a detailed review of the monthly data, the reader is referred to "Emergency Services Activity and Temporary Detention Order (TDO) Exception Report Summary," also on the DBHDS website under "Reports."
